

Consolidating the Group “Peru Agenda 2030”

Recover Better Support Fund

The Challenge

The Civil Society Group “Peru Agenda 2030”: Peruvian civil society organizations, including the Asociación Nacional de Centros de Investigación, Promoción Social y Desarrollo (ANC), have formed the civil society group "Peru Agenda 2030" to strengthen the follow-up process to the implementation of the 2030 Agenda in Peru. The initiative provides follow-up from civil society to government entities in the implementation of the 2030 Agenda, promoting coordination with the private sector, the academic sector and organizing multi-stakeholder dialogues.

2030 Agenda Implementation in Times of Crisis: COVID-19 made it necessary for the group “Peru Agenda 2030” to rethink its way of working. At the end of 2020, a political crisis in Peru was added to the health and economic crisis, and the instability made it difficult to convene government entities to review the 2030 Agenda.

The Objective

The project aims to consolidate the “Peru Agenda 2030” civil society group as a space for the diversity of Peruvian civil society that contributes directly to the articulation of plans and resources for the implementation of the 2030 Agenda.

The Target Group

The project targets Peruvian civil society organisations that are part of the “Peru Agenda 2030” civil society group as well as government entities.

The Approach

The project applies an intercultural and gender-based approach with four components:

Data Collection: Systematic collection and organisation of information and indicators from government sectors, the National Institute of Statistics and Information and the National Center for Strategic Planning (CEPLAN), the Focal Point of the 2030 Agenda, as well as reports from the Peruvian government on compliance with the 2030 Agenda.

Data Analysis: The information and indicators obtained are analysed and processed according to the prioritization of the Group “Peru Agenda 2030” of civil society to map progress in the implementation of the 2030 Agenda.

Project Name	Consolidate the Peru Group Agenda 2030 of Civil Society in the Context of the Pandemic for Monitoring its Implementation
Commissioned by	Federal Ministry for Economic Cooperation and Development (BMZ)
Country	Peru
Implementing Organisation	Asociación Nacional de Centros de Investigación, Promoción Social y Desarrollo (ANC)
Duration	November 2021 – April 2023

Josefina Huaman Valladares
anc@anc.org.pe

Multi-Stakeholder Dialogue: Implementation of forums and workshops with various stakeholders that contribute to the monitoring and involvement of all sectors in the implementation process of the 2030 Agenda. This multi-stakeholder dialogue allows organized civil society to assume a role in monitoring government commitments.

Capacity Development: Conduct of workshops to strengthen the capacities of civil society to enhance their advocacy and representation. In addition to increasing capacities, sharing knowledge and tools, workshops serve to monitor the implementation process of the 2030 Agenda.

About ANC

The Asociación Nacional de Centros de Investigación, Promoción Social y Desarrollo (ANC) is the largest coalition of civil society organisations (CSO) in Peru. ANC works to strengthen the leadership of CSOs and initiatives through training, capacity development, public debate and participation in the legislative process, all while being committed to defending human rights and local communities.

Achieved Results

A list of priority SDG indicators was updated and an analysis of the impact of COVID-19 on the priority indicators produced

An annual evaluation report on the 2030 Agenda implementation and follow-up process was produced

11 civil society organisations contributed to the five sectoral SDG reports that specify priorities for action for different actors to implement the 2030 Agenda

An international meeting to analyse the international comparative progress of the SDGs in the world, with respect to Peru and Latin America was conducted

The Recover Better Support Fund supports efforts designed and implemented in partner countries to recover from the impacts of the COVID-19 pandemic with the goal of building more resilient, inclusive, and sustainable societies while advancing the 2030 Agenda. For that purpose, it deploys two funding lines: (1) Sustainable development advisory bodies and (2) leaving no one behind and strengthening socio-economic resilience. Commissioned by the German Federal Ministry for Economic Cooperation and Development (BMZ), it supports 23 projects in 16 countries worldwide with up to 180.000 EUR.

GIZ implements the Recover Better Support Fund. For further information, please visit www.recoverbettersupportfund.com or contact the funds team at recoverbetterfund@giz.de
